

Description

The **Fork Mounted Wheelie Bin Lifter** is designed to safely lift, move and empty 660 & 1100 Litre Wheelie Bins equipped with side trunnions. With this type of waste management becoming more and more popular by the day, it is this attachment which can offer a solution to the associated logistical and time-keeping constraints. The attachment is operated via gearbox and endless chain for safe use from low level.

Model	Safe Working Load (kg)	Maximum Fork Section (mm)	Weight (kg)	C of G (mm)	LLC (mm)
IWBL-2	600	150 x 50	170	1240	1300
